The Ambassadors

No need to summarize the plot as other reviews here have already done so with spoilers a plenty I might add. He gave up drama and returned to fiction.

The Ambassadors [WorldCat Entities]

He is charmed by Old World fascinations and caught up in the leisurely craft and bohemian direction of European worldliness.

The Ambassadors [WorldCat Entities]

Henry James himself ranked this novel as his best so I thought it would be a great place to try reading his work for the first time. As Stretcher himself becomes involved in a relationship with the fascinating Maria Gostrey, a second, more determined, ambassador is dispatched. Stretcher arrives in Paris thinking that he will find Chad debauched by women, wine, and song but is greatly surprised to find him flourishing and in fact improved from the shallow boy he once knew.

Geared to what today's students need to know, SparkNotes provides: chapter-by-chapter analysis, explanations of key themes, motifs, and symbols a review quiz and essay topics. He develops some feelings for Madame de Vionnet. Honestly, it is not a book which I find easy to read and understand.

The Ambassadors (豆瓣)

The final lesson of Stretcher's European experience is to distrust preconceived notions and perceptions from anyone, anywhere, but to rely upon his own observation and judgment. Tight binding and unmarked interior.

Moreover, at that time, he also lacked duplicate copies of the omitted passages, and those two circumstances resulted in significant textual variations in the Methuen edition.

The Portrait of a Lady

At points all through this book I would read 2-3 pages and realize that I had no idea what had just occurred.

The Portrait of a Lady

Months later, the family visited Europe for the first time. As you start reading you catch the broad strokes of the action and you have to use context clues not to infer meaning from individual words but whole sections of text.
