Book, Bead Weaving: Simple Techniques and Patterns for Creating Stunning Loom by Fran Ortmeyer & Carol C. Porter. Sold individually.

Soon her creations were being worn on the runways of New York Fashion week and gracing the pages of high fashion magazines from here to Japan. The 30 projects include bracelets, earrings, necklaces and rings, and they tend to the playful and colorful.

But what will really entice intermediate jewelers, beaders, and other general crafters are the pieces themselves: a balloon ring, festooned with seed pearls; chandelier earrings with sparkling, dangling stones; and a fireworks necklace of citrine, peridot, and apatite. It's the only current, comprehensive guide to working with cabochons - a flat piece of rock or mineral - and it covers all the basics, along with a range of new creative techniques and hot trends. It lacks step by step instructions along with graphics that will show exactly what the author is talking about.

Was looking for more gemstone jewelry with less chains, but it is a good book for those that love to work with chains in their designs. Most of the projects here give one a little creative license in using different colors of gems or other beads.

JEWELRY MAKING TIPS

Variety is the spice of life! Even though this book was published 13 years ago by the time I read it, the pieces were surprisingly contemporary—I guess that's because of their more classic look. Or, instead of natural stone, use dichroic glass or other found objects. Then join Marlene Blessing for tips on buying dyed or natural stones that fit your budget.
