reports — Bellingham

Set an election date for the Point Roberts Special Recreation Area? A log of all customer complaints about recycling, specifying the date, nature of complaint and resolution for each complaint.

Whatcom Watch Online

Flaggers will be present to provide additional traffic and pedestrian control as necessary. As a minimum level of service, the minimum required curbside collection service shall be 26 annual pickups, to occur at the discretion of the customer on any day of the approved every other week garbage collection schedule, of a 32-gallon can and three-bin source separated recyclables. Beginning January 18, a gas line will be relocated west of 30 th Street to accommodate a storm main replacement.

Here's how Inslee reacted to Whatcom criticism about Roadmap plan to relax COVID

As described previously, WCOG has adopted the following strategies to advance this goal. Traffic will be maintained for local access.

Whatcom County Road Conditions with Driving and Traffic Flow

However, local jurisdictions must have a program to correct existing deficiencies and bring existing transportation facilities and services up to locally adopted standards. States and MPOs must have established targets for improvement in terms of the five measures.

Transportation

This portion includes data from 2019. The library will remain closed due to Covid-19, however distribution of books still continues with curbside pickup. The Association also holds monthly merchant meetings.

## **reports — Bellingham**

They offer cooperative advertising campaigns and networking opportunities for businesses downtown.

### **Chapter 8.10 SOLID WASTE AND RESIDENTIAL RECYCLING COLLECTION**

Adoption of the ordinance codified in this chapter is necessary for the protection of natural resources and the environment, the immediate preservation of the public health and welfare and the support of governmental activities. Public Participation Plan The Federal Highway and Transit administrations have jointly issued an that supports public involvement at all stages of planning and project development. Information on the update is available on this page, or by contacting Gary Davis via or by phone at 360-676-6907.

#### **Traffic Conditions**

F: Increase public understanding and involvement in economic issues. .
