ISBN An ISBN is a unique number assigned to an item by its publisher. Enter ISBNs with or without hyphens.

OCLC Classify

Libraries add bibliographic records to WorldCat representing books and other items in their collections. Hyphens or spaces usually separate the elements of the number on the item. Enter an OCLC number without leading zeros.

OCLC Classify

Classification schemes are used to provide a systematic arrangement of materials.

OCLC numbers vary in length. ISSN An ISSN is a standardized international code which allows the identification of a serial publication. The classification numbers applied to books and other materials are used to arrange items on shelves and to support browsing, filtering and retrieval of bibliographic information in online systems.
