Cadastre and land information management in Malaysia. (1990 edition)

The State Governments thus in theory at least perform a regulatory function and ensure that the Local Authorities within its boundaries carry out the program. However, the marine governance in Malaysia, through the jurisdiction over marine spaces and management responsibilities, are also split between the State and Federal Governments. The full list is given in Appendix A.

Malaysia

The field survey data observed and recorded digitally are verifiable online by the surveyor in the field, before lodging online for subsequent detail verification by JUPEM.

Working Group 2: Cadastre and Land Management

QT also enjoys the right of effecting dealings with respect to his land and the interest therein. Lecture Notes in Geoinformation and Cartography.
