## Business or Personal Bankruptcy

In 2002, I was forced to declare personal bankruptcy. Whether Chapter 7 personal bankruptcy will solve your business debt problems depends on a combination of factors, including the legal types of debt you have, how your business is legally organized, and the nature and amount of the personal assets you hope to protect. Do you want to keep the business open? Maybe a few months' worth of household goods, such as toilet paper, soap, feminine products, laundry soap, etc.

## Helpful Advice For Surviving Your Personal Bankruptcy

Put on your own oxygen mask first. .

## Small Business Bankruptcy: An Option When You Can't Pay Your Debts

You can also apply for a business credit card which can help build up your business and personal credit.

## A New Small Business Bankruptcy Law Takes Effect, Just In Time

Following any federal, state or local government directives regarding guidance for employers and looking out for the safety of your employees and customers, although a pain, will be appreciated in the short and long run.

## A 10

Only a local attorney with actual knowledge of your personal situation can give you legal advice. You should receive a call within the next few minutes so you can get connected. For detailed information on all available options for business bankruptcy, please visit the Bankruptcy Basics page on the.
