**About this bibliography: What follows is a list of books on Chinese**

Jiang Zemin's ability to ride the waves and coopt or silence myriad protests in the course of his decade-plus tenure as General Secretary of the Chinese Communist Party reflects in large part his adroit handling of social protest and, more important perhaps, the strength of the social base of beneficiaries of the reform including major elites: the educated, the business class, party members, party, government and military officials, and the many who have experienced significant income gains, particularly residents of coastal areas. Ming Qing min jian mu diao. But in the countryside, where no such welfare regime existed, and where the one-child policy coincided with the collapse of community welfare provisions such as cooperative health care, the one-child policy posed agonizing choices for households.
