Music Notation in the Twentieth Century a Practical Guidebook

A minutely detailed index is provided as an additional and indispensable tool. Modern Study of the Harp.

[text] Music Notation in the Twentieth Century: A Practical Guidebook

It is up to you to have a look into these options and decide which one best fits your needs. One does regret, however, that Stone's book was never updated after its publication in 1980.

Music Notation in the Twentieth Century

Used items may not include supplementary materials such as CDs or access codes. Stone is undoubtedly one of the world's leading authorities on contemporary music notation and its problems. Sometimes a is used in music where it is not technically required, to remind the musician of what pitch the key signature requires.
