## Julian Zelizer On How Newt Gingrich's Political Tactics Laid The Groundwork For Modern Partisanship

They never find anything that actually violates an ethics rule. Gingrich has said his efforts during the budget fights of the late 1990s highlight his support for science. Another way is that part of this comes from how political leaders explain issues.

## How Newt Gingrich Laid the Groundwork for Trump's Republican Party

This is the origin story of the modern Republican Party. It was captured by Ambassador Jeanne Kirkpatrick herself a former adviser to Vice President Hubert Humphrey and a Democrat. Gingrich immersed himself in war histories and dystopian fiction and books about techno-futurism—and as the years went on, he became fixated on the idea that he was a world-historic hero.

## Gingrich: Romney Has No Clear Theme

Republicans achieved one of the most sweeping electoral victories in modern American history. Gingrich was the quintessential party outsider, a freelancer with no known expertise in vote gathering, several well-known antagonisms within his own party and, of course, with Democrats, and he was no ally of minority leader Bob Michel's. ## How Newt Gingrich Destroyed American Politics

Now he thinks it was taken from him by Romney's cheating. And finally, reform—the kinds of questions that are very tough to get political momentum for. Gingrich, the new face, quickly recognized an opportunity.

## **Good Newt, Bad Newt**

The result was the largest presidential popular vote percentage in modern history for the Republican president, while Republicans lost two Senate seats and only gained 12 house seats.

### **Gingrich: 'Big Mistake' for Biden to Run with DNC Speech Theme of 'Dark Versus Light'**

He argued that if the GOP ever wanted to defeat the Democrats, they needed to embrace a smashmouth style of partisanship which revolved around character assassination, violating norms and tearing down governing institutions. The only unifying principle -- the only cause that is clearly served -- is the emotional impulses of the man himself.

### **The Gingrich affair: Hypocrisy and betrayal**

The crazier the Democrats get on tax-paid health care for illegal immigrants, abortion through the ninth month and infanticide after taking away every American's health insurance, massive tax increases, talking about reparations as though it was a reasonable idea, etc.
