The Kelpie's Pearls

The late 19th century saw the onset of an interest in transcribing folklore, and recorders were inconsistent in spelling and frequently words, which could result in differing names for the same spirit. This story is set in a time that the old days of folklore in Scotland are a joke to citizens. The same story is recorded by Folklore Society member and folklore collector simply as The Kelpie's Bridge 1888 with no mention of Voughas or Fuoah.
